ENSEIGNEMENT SECONDAIRE LANGUE ANGLAISE

OBJECTIFS

The graduate student in the educational stream for English secondary high school level, will be able to pursue a professional qualifying training in the teaching field either in the public or private sector; or to enrol in higher studies/ education. They will be able to achieve this by mobilising the set of knowledge, skills and competencies, they have acquired and developed -in the fields of language, communication, literature, teaching methodology and technology- throughout the different modules they have studied at the university.

THE COMPETENCY

The educational stream will enable students to:

- Consolidate and develop their knowledge and skills about the English language and the Anglo-Saxon culture;
- Identify the different aspects and principles of linguistics and translation;
- Acquire the basic knowledge in the educational and methodological fields;
- Use the educational ICT tools appropriately;
- Develop their communicative and animating skills;
- Recognise the principles and the ethics of the teaching profession;
- Identify the various factors that intervene in the teaching/learning environment;
- Interpret/explain a variety of educational activities, strategies and situations;
- Apply their knowledge in the field of teaching methodology in different learning contexts - develop self-training skills.
